# Holiday Hobby Welding

Get ready to have fun while you discover the trade secrets that will make welding metal artwork easier! The Regional Technical Education Center's 12-hour Holiday Hobby Welding class will teach you the basics of several different types of welding so you can create unique projects for yourself or others.

During this special hobby welding class, you'll learn how to understand simple diagrams, how to use step-by-step instructions for creating some of the most attractive welded creations - from animals to yard art and functional household items to seasonal projects such as snowmen and hearts - and more.

No previous welding experience is needed, making this class ideal for amateurs and hobbyists who want to learn to create first-rate welded sculptures and welded furniture. Class size is limited. Call 668-5700 and sign up today!
