

**Missed September Class? Next Starts Oct. 26, 2010 !**

# **AWS Certified Welding Course**

## **Skill Upgrade Training with Certification Option**

If you are interested in becoming a certified welder, this 40-hour training program being offered at RTEC this fall is the class for you. This special training program is recommended for individuals interested in enhancing their current welding skills so they can earn American Welding Society (AWS) Certification.

The primary welding processes in this advanced program are GMAW or wire welding and SMAW or stick welding. Upon successful completion of this class, the student will have an opportunity to earn American Welding Society Certification stating that they have become an AWS certified welder. Special Note: Students must have previous welding experience. The class will culminate with a minimum 1G Certification Plate Test.

### **Among the topics to be covered are:**

- Different types of steel and weld ability
- Welding parameters
- Basic Cutting Torch procedures
- T-Joints
- Lap Joints
- Butt Joints
- Corner Joints

### **CLASS DATES:**

### **TIMES:**

Classes will be held from 4:30-8:30 p.m. on Tuesdays & Thursdays beginning Oct. 26 and ending Nov. 30, 2010.

### **PROGRAM COSTS:**

**\$795 plus tax (\$960 plus tax with AWS Certification)** Call for details.
