

Apply Today! Next Class Begins Mar. 27, 2012!

AWS Certified Welding Course

Skill Upgrade Training with Certification Option

If you are interested in becoming a certified welder, this skill upgrade welding course being offered at RTEC is for you. This special training, which has been increased to 48 hours, is recommended for those interested in enhancing their current welding skills so they can earn American Welding Society (AWS) Certification.

The primary welding processes in this advanced program are GMAW or wire welding and SMAW or stick welding. Upon successful completion of this class, the student will have an opportunity to earn American Welding Society Certification stating that they have become an AWS certified welder. Special Note: Students must have previous welding experience. The class will culminate with a minimum 1G Certification Plate Test.

Among the topics to be covered are:

- Different types of steel and weld ability
- Welding parameters
- Basic Cutting Torch procedures
- T-Joints
- Lap Joints
- Butt Joints
- Corner Joints

CLASS DATES:

TIMES:

It will be on Tuesdays and Thursdays from 4 p.m. to 8 p.m. from Mar. 27 to May 10, 2012. No class Apr. 24 or 26.

PROGRAM COSTS:

\$1,375 plus tax (Includes one AWS Certification test). Call for details.
