Labor Department awards RTEC \$50,000 for green jobs training

PIERRE, S.D. – The South Dakota Department of Labor (DOL) has awarded \$50,000 to Regional Technical Education Center (RTEC) in Yankton as part of a green jobs training grant.

The approved RTEC proposal will provide operational support and train five new employees per year in infrastructure efficiency and power utilization effectiveness.

“The purpose of the grant is to teach workers the skills required in emerging energy efficiency and renewable energy industries,” said State Labor Secretary Pam Roberts.

All activities must lead to employment and teach competencies demanded by the target sector while supporting participants’ long-term career growth.

“The green jobs training grant will increase the opportunities for unemployed and dislocated workers to move into high-wage and high-growth occupations,” said Secretary Roberts.

South Dakota received \$2.5 million for the State Energy Sector Partnerships and Training Grant authorized by the American Recovery and Reinvestment Act. To learn more about job training opportunities available through DOL, visit www.sdjobs.org.
